## welcome

On behalf of Andy and myself welcome to our 3rd Online scanned in fawn hind sale. Last year because of covid we didn't have an embryo transfer program and only put up 20 hinds for sale. This year we had a very successful program. We only have room to fawn approximately 300-310 hinds. We have no commercial deer so the 90 recipient hinds are all taken out of the stud. We are retaining all our 18mth hinds so these and the recipient hinds make up a big proportion of our herd for this years fawning. Most of the 90 recipis we would prefer to keep in the stud and mate so you can understand it is very difficult when we have to decide which hinds (when we have already taken out 90) that we are prepared to sell to reduce our numbers.

This year we are having to let go some very good hinds including a lot out of embryo programs and some donor hinds. Some of these have ET sisters that we are retaining which makes it a little easier.

We retained 60% of last years two year olds and they average 5.15kg.

Sire pages have some photos of their 2 year old progeny velvet.

Sires that don't have their page in the catalogue can be found on our website [www.altrivereddeer.co.nz](http://www.altrivereddeer.co.nz)

Hinds are offered in tag order (not ranked) This online auction has an upset or opening bid of \$700 **with no reserve price.**

# hinds for sale by online auction

Our 2021 sale hinds have been mated to these 5 sires.

## 211-15 by Harlem

211-15 cut 8kg @ 3yr and 9.5kg @ 5yr. We used his ET brother 172-15 as a 2 year old then sold him at 3yr for \$45,000. His sons are rising 3 year olds and were easily the best progeny as 2 year olds last year of the sires we used in 2018. We sold him and kept 211-15 as we liked his velvet more than 172-15. We are confident that 211-15 first sons that we will velvet this year as 2yr olds will be very good.

## 22-14 son of Everest

22-14 Everest son and national 3yr champion 9.5kg SA. He was also people's choice and has gone on to cut a very big tidy head at 5yr weighing 14.4kg. This stag also has a powerful pedigree with his grand dam 124-04 being the dam of our sire 81-06 10.8kg with 25cm beam. He is one of 5 Altrive stags by Everest that have won national velvet championships. We had his first 2yr olds velveted last year and some of these heads are on his sire page.

## 145-17 by Joseph

145-17 cut 6.45 kg at 2yr and 7.8kg @ 3yr but cut a week after nationals. His dam 82-14 is an ET sister to top sire 34-14. We really rate this stag and his velvet features on front of catalogue. His pedigree is stacked with proven genetics and the following two 2 year old stags share some of the the same genetics.

## 87-18 by Joseph

87-18 7.3kg @ 2yr by Joseph. His dam 45-14 is an ET sister to dam of sire 145-17 above and again a sister of sire 34-14.

## 106-18 7kg by Harlem

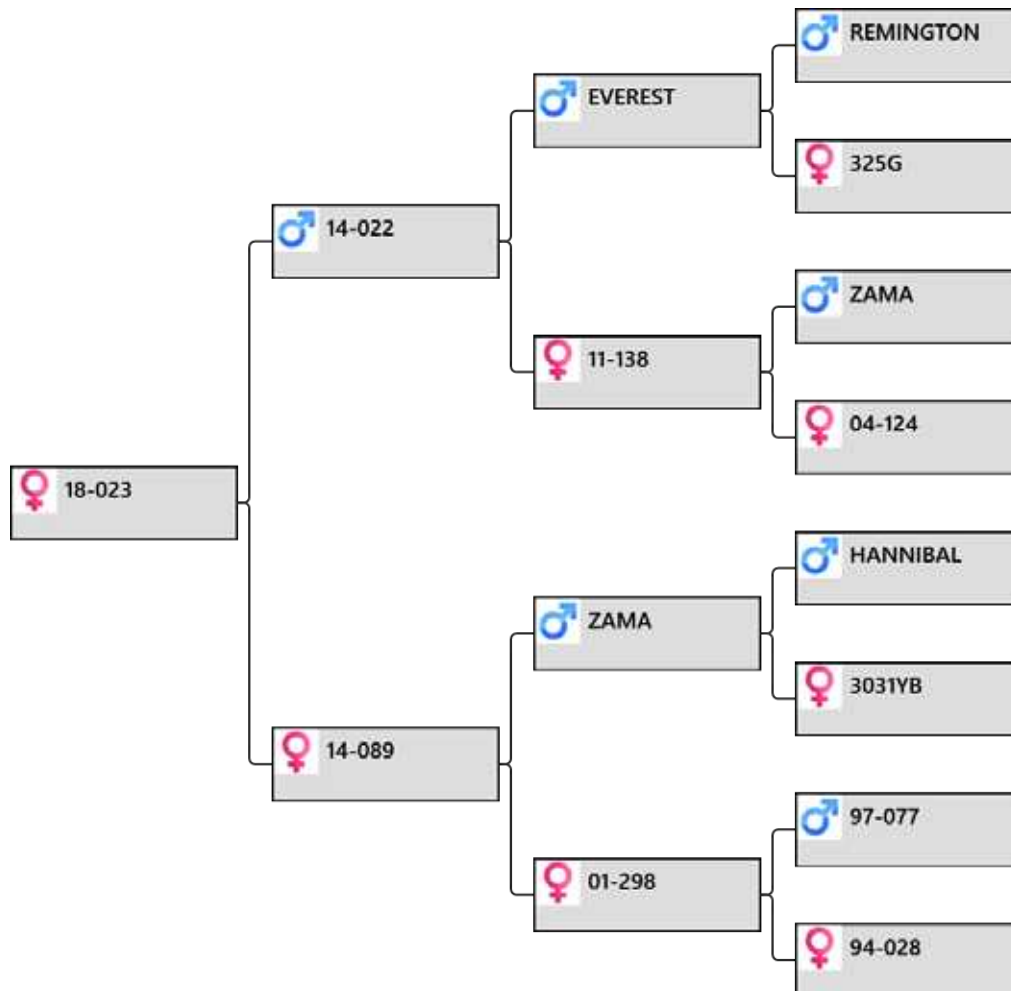

106-18 7kg @ 2yr by Netherdale's Harlem. His dam 294-15 is a full sister to 177-14 sold lot one 2018 for \$40,000. Grand dam 184-12 features in the pedigree of 3 of these 5 stags.
