2022 Hind sale

Live online sale – Wednesday 3rd August 2022 7.00pm
Offering 38 in-fawn hinds - NO RESERVE

145-17 x Joseph

7.8kg @3yr cut 7 days after velvet awards.
Being retained in Altrive stud.

For updates see @altrivereddeer
on Facebook

Unfortunately we lost 145-17 day before catalogue went to print. His progeny for sale in future will be limited.

**Please note:
We have named our
two new sires**

Altrive 142-17

“Glaisnock”

ND 224-18

“Worsley”

***You will see these animals
referred to as these names
in future catalogues***

Meet Glaisnock

Altrive142-17

Most of you will know Andy is a keen hunter and spends a lot of time in the wapiti blocks in Fiordland! So first up, we introduce you to Glaisnock. A Joseph son by ET, out of our top hind 82-14, he cut 11.2kg @ 4yr with 27cm in the beam! His ET brothers:

- Our sire 145-17 7.8kg @ 3yr

And:

- 148-17 7.9kg @ 3yr
- 186-17 8.6kg @ 3yr
- 162-17 7.8kg @ 3yr

All sold in 2021 sale.

We know Glaisnock is going to have a very big influence on Altrive red deer stud in the future. He has huge power through all his tines and is very clean. It is for this reason we are only offering one hind in fawn to Glaisnock in this catalogue, this is your chance to add top genetics to your herd!

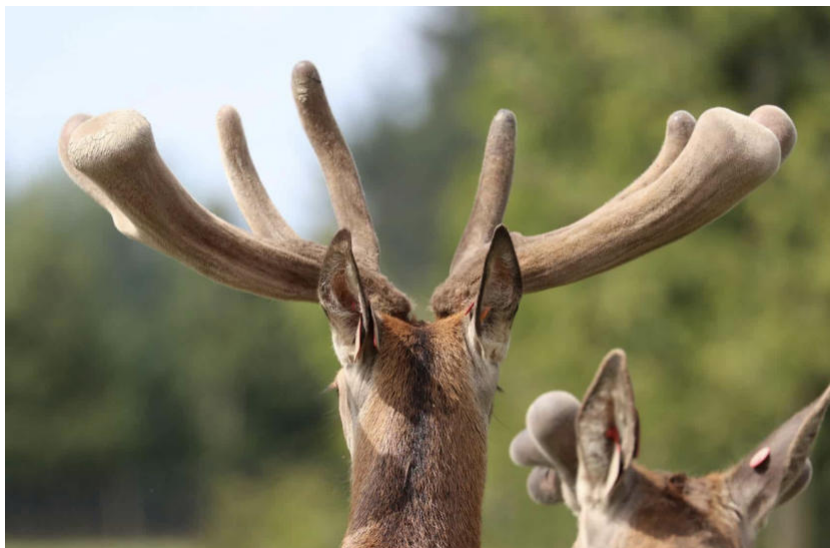

**Lot 32- Tag 114-17: Sale weight 137kg
In fawn to Glaisnock.**

Meet Worsley

Netherdale 224/18

Most of you will know Andy is a keen hunter and spends a lot of time in the wapiti blocks in Fiordland! Please meet Worsley. Worsley was purchased from Netherdale in their 2022 sire sale for \$35,000. A very quiet Bronx son, with a very clean, tidy head. He cut 7.9kg @ 3yr, and 4.32kg @2yr. A beaut addition to the Altrive team!

Welcome

On behalf of Andy, Sam and myself welcome to our fourth online auction.

Andy and Sam will also have information on Altrive Red Deer Facebook page

We have retained 50% of our two year old stags and they averaged 5.05kg.

Hinds are offered in tag order (not ranked). This online auction has an upset or opening bid of \$700. **With no reserve price.**

The hinds we will fawn this year are made up from

- all our 18 month hinds
- 70 recipis (successful Pregnancies from 90)
- balance mixed aged hinds to total of approx 300 to fawn.

We don't have any commercial hinds so the 90 hinds we used for recipients in embryo program are all stud animals with a lot of them hinds we would sooner mate.

The point we are trying to make is it has been hard to choose the recipis and now we are selecting another 35 hinds to reduce our total to approximately 300 to fawn.

A lot of the sale hinds have top donor hinds in their pedigrees and hinds that haven't had two year old sons yet make it a really hard decision to keep/sell.

29 of the sale hinds have donor hinds in their dam line which really shows their quality. Our embryo programs every year lift our velvet genetics immensely and allow us to offer these top hinds to the industry.

We have included a lot of information on each dam in their pedigrees to help you make your decisions including two year velvet weights and the prices animals have sold for we think needs to be included as they prove the animals had tidy velvet not just for example an 8kg three year old head that's sounds impressive but maybe wouldn't even sell at auction. Big **tidy** heads are worth a lot more.

All sale hinds have been scanned in fawn to our top sires and they have their sire pages in

catalogue plus a little more about them here. Sires without a sire page in catalogue can be found on our website

www.altrivereddeer.co.nz

765-10

765-10 and older sire not used for a few years but we decided to use him again as he left big heads with five 3 year olds over 9kg and 2 over 10kg and top priced son sold \$70,000.

145-17

145-17 is a Joseph son and he has at both three and four year the tidiest velvet we have bred. We sold three of his ET brothers in 2021 sale. 148-17 7.9kg 3yr sold first up for \$28,000, 186-17 8.6kg sold \$13,000 and 162-17 7.8kg 3yr. We are also using

142-17 (Glaisnock)

142-17 another ET brother to 145-17 and he cut 9.6kg @ 3yr and 11.2kg @ 4yr. He has an amazing big clean head. We are only offering the one hind mated to 142-17 this year.

Mated to Tag 114-17

These five ET brothers don't just have great velvet they have an amazing pedigree with their dam 82-14 also being dam by a different sire of lot two this years auction 74-18 8.1kg \$17,000 and 82-14 is ET sister to sire 34-14 13.3kg at 5yr and very nice velvet. 82-14 has three ET sisters, dams of stags sold for \$15,000 \$16,000 \$17,000, \$8,000 and \$6,500. Her dam 184-12 a top hind, dam of sire 34-14 13.3kg 5yr and 144-17 sold for \$40,000. The four generations before her all bred sons used in stud or sold as lot one in our sale. Has to be one of, if not the best dam line for producing quality velvet in the industry.

211-15

211-15 has left good clean tidy two year olds, for next year's sale. We used his ET brother 172-15 as two year old and he left a very tidy line of 2 year old sons with five in this year's sale. We sold 172-15 as three year old for \$45,000 as we consider 211-15 has a nicer

head. We used their ET sister 175-15 as donor 2019 and she has some good two year old sons that should make next year's sale and another ET sister 166-15 had son 104-18 8kg sold 2022 \$9,500. She was also used as donor 2019 and has two year sons 5.25, 4.85, 5.3 and 4.85kg that should make next years sale.

106-18

106-18 we used as two year old with a 7kg head and he has a very good pedigree too. He cut 8.9kg at three year. The dam line of his pedigree is the same as dam line of the Joseph sons except their dam is by Zama and 106-18 dam 294-15 is by Everest. 294-15 also has a very good Bronx two year old son and grand

dam 184-12 has sons 34-14 very tidy 13.3kg head at five year old plus 177-14 sold lot one 2018 for \$40,000. We are looking forward to seeing what 106-18 breeds. Like 142-17 pedigree there is another four generations behind this pedigree of sire breeding dams producing not just sires but sires we used in the stud going back to 9-90 with two sons used in the stud.

Netherdale 224-18 (Worsley)

We purchased 224-18 from Netherdale at this year's auction for \$35,000. He cut a very nice 3yr head 7.9kg and he is a Bronx son who was also sire of their lot one that sold for \$135,000.

Online auction information at:
<https://bidr.co.nz/content/bidr-how-to-guides>

Auction to be conducted in the same format as a public auction using the Bidr online platform on Wednesday 3rd August 2022 at 7.00pm.

Visit bidr.co.nz/content/bidr-how-to-guides and register using your PGG Wrightson account. If you don't have an account contact your local PGG Wrightson deer specialists for assistance.

A buyers commission of 4% is payable to non participating companies and recognized independent agents.

Legal

Conditions of Sale

1. The Sale will be conducted by PGG Wrightson with the conditions of sale as set down by the Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.
2. Each lot becomes the purchaser's property and risk at fall of the hammer.
3. Warranties and Insurance are covered under separate headings.
4. Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.
5. The sale is conducted exclusive of GST.
6. A buyers commission of 4% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [No later than 24hrs prior to sale] are made with PGG Wrightson.
7. Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.
8. No Animals, embryos or semen sold by Altrive, or their germplasm, any subsequent progeny or germplasm, including the semen and germplasm of that progeny may be supplied to a third party without the written permission of the stud.
9. This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.
10. It is a condition of sale of any animals, embryos, germplasm or semen sold by Altrive that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party: "the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."
