Welcome

Welcome to our seventh annual in-fawn hind sale. The sale will be run on BIDR on Wednesday 6th August at 7pm, www.bidr.co.nz. We would be delighted if you would join us! This is probably the best line up of in-fawn hinds we have ever offered for sale.

Our breeding objective is to breed tidy, industry-desirable velvet in an animal that is robust in structure, and well-tempered.

Hinds are MOSTLY offered in tag order and by age, but we have shifted some of the elite hinds throughout. They have all been vet scanned in fawn. There are 12x 18-month hinds included in this catalogue.

These hinds have very good pedigrees behind them, and we are even selling a few from our embryo transfer program. We have limited fawning space and plenty of exciting new genetics coming through to make room for. We have no commercial hinds here at Altrive, and even our 90 recipient hinds have strong pedigrees behind them. We are very proud that many excellent progeny are born from these hinds and we enjoy hearing your feedback!

You can find all the sire information on the sire pages in this catalogue, or check our website at www.altrivereddeer.co.nz for any sires that are not featured in this catalogue. We put lots of time and effort into keeping our sire pages on our website up to date so you can see how they are performing for us at Altrive.

Fawning dates: aside from one MA late fawner (176-22), the MA hinds are due to fawn 2/11/2025–7/12/2025 and the 23 born hinds from 12-25th December.

As always we wish you all well, and thank you for your ongoing support.

Andrew and Samantha Elder

All hinds have been scanned in fawn.

They are fully vaccinated for Leptospirosis and have received 12g copper at scanning in May/

Animals will only be loaded in good condition and fit for transportation.

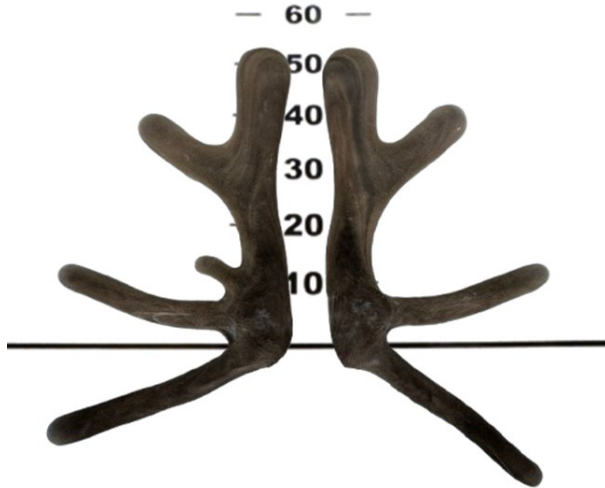

Sires

Altrive

Lugar (262-21)

Lugar 9.4kg @ 3yrs

Altrive 262-21 was used as a 2yr sire for our 2024 mating. At 7.5kg he had plenty of grunt. At 3yrs he produced 9.46kg of very tidy velvet and he is a very big bodied, charismatic stag. We are keeping him for our breeding program. By prophet son ALT 80-15, 2nd place national velvet awards that we sold at auction for \$75,000 in 2019. The prophet was supreme champion in 2013. This stag has four other embryo brothers which cut 5.6, 5.75, 6.10 and 6.90kg at 2yrs.

Dam 67-17 was used as a donor in 2021, and we have used her daughter 172-19 as a donor as well. Her grand dam is our top hind 82-14 who is breeding phenomenally for Altrive.

Lugars ET brothers cut 8.60, 8.20, 7.00 and 6.75kg at 3yrs.

ALT 80-15

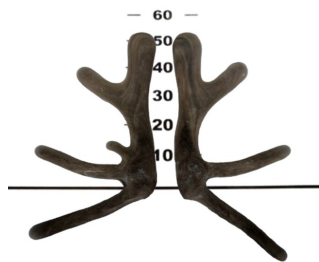

ALT 80-15, now called Signet was lot 1 in our 2019 sire sale, and sold for \$75,000, with 20 straws of semen retained at Altrive. He had a beam of 25 and 26cm, and both sides had 25cm beam above the trez. The prophet, 10.54kg was supreme champion in 2013. Dam 44-11 only had the one son and a daughter, and unfortunately we sold her before we knew how good 80-15 was!

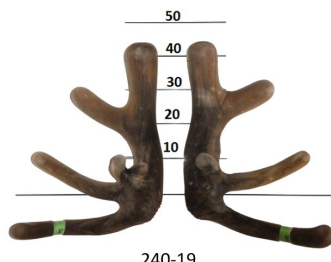

ALT 80-15 is the sire of new Altrive sire, Lugar (ALT 262-21). Lugar's ET brothers cut 8.60, 8.20, 7.00 and 6.75kg at 3yrs.

The first crop of three year old sons were in our 2023 sale and performed well. 63-19 @ 8.55kg sold lot 1 for \$46,000, 83-19 @ 8.65kg sold \$11,000 and 210-19 @ 7.0kg sold \$7000, 70-19 @ 8.35kg sold \$13,000 and 174-19 @ 8.50kg sold \$13,00. His ET sisters 166-15 and 175-15 have sons 246-19 @ 8.6kg sold \$11,000 and 240-19 @ 8.0kg sold \$14,000 in 2023 sale.

Dam 193-12 is ET sister to stags sold in 2016 lot 4 \$27,000, lot 11 \$7,000, lot 21 \$4,000 and lot 23 \$5,000. 208-04 had eight sons sold as sires. Fantastic velvet genetics.

Glaisnock

Glaisnock (142-17) 11.2kg @ 4yrs,

12-22 6.70kg @ 2yrs

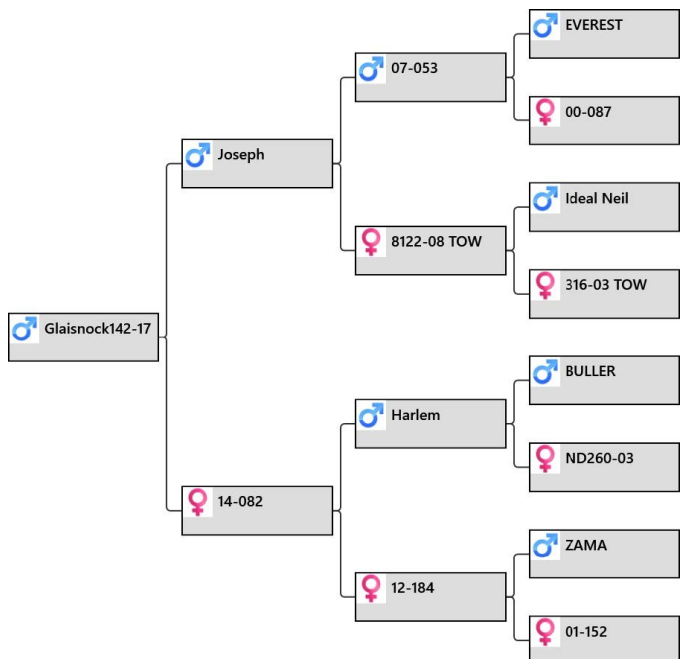

A Joseph son, out of our top hind 82-14, he cut 11.2kg @ 4yrs, with a 27cm beam. His ET brothers are our sire 145-17 (deceased), 148-17 7.9kg @ 3yr, 186-17 8.6kg @ 3yr and 162-17 7.8kg @ 3yr all sold in the 2021 sale.. 82-14 has 8 sons that have reached sale age, and 7 of these have been sold at auction or retained for sire duties at Altrive. The only one not being sold at auction cut 10.85kg so was also no slouch!

We think Glaisnock is the package- big bodied and proportioned stag with good velvet weight and especially a very strong beam. He is also quiet as a mouse, would probably put our 1 year old on him for a pony ride. A sire we are really proud of.

He had his first 2yr olds this year, however in the first year that we used him he had very limited hinds, next year we will have more.

Altrive 106-18 was placed 2nd in the 5yr red section and 3rd place in the restricted southland red section of the 2023 National Velvet Awards.

Grand dam 184-12, a donor hind, produced our Harlem son sire 34-14 @ 13.3kg and top ET sisters 77-14, 45-14 and 82-14, dam of sires 145-17 and Glaisnock 16.75kg @ 5yr and 87-18, 8.2kg @ 3yr. Then she produced 177-14 8.3kg @ 3yr by natural mating which sold as lot 1 in 2018 for \$40,000 by Everest. This is a fantastic pedigree!

ALT 145-17

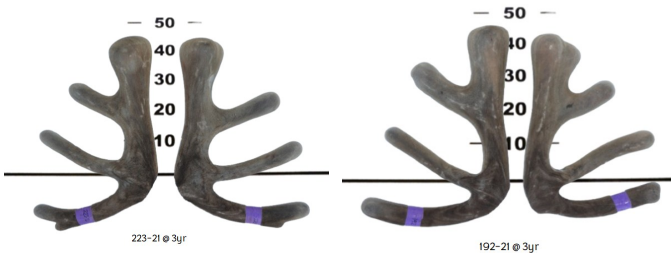

145-17 had near perfect velvet at 3 and 4yr but died after mating at 4yr. He has an amazing pedigree and has his first 2yr sons are being velveted this year. He is an ET brother to Glaisnock, 16.75kg @ 5yr and 3 other brothers sold, one of which was auctioned for \$28,000. Their dam 82-14 is an ET sister to sire 34-14 also with very nice velvet placed 5th as 3yr old and 4th as 4yr old in National Velvet awards. 82-14's ET sister 77-14 had 3 sons sold in 2021.

184-12 dam of the animals above born in 2014 by ET and then she had natural pregnancy to Everest and produced 177-14 who sold lot one in the 2018 sale for \$40,000.

ND 232-19

Purchased from Netherdale Red Deer in their 2023 sale.

His three year old head had been damaged however his two year old head showed his potential being very tidy and the bulbs (and all tynes) being very nicely rounded. Although his weight hasn't jumped a lot, ND 232-19 has tidy, industry desirable velvet and we are excited to see what his progeny do in a few years time.

His blood lines go back to the dam of Lot 1 (now called Horse) which sold for \$135,000 in David's 2022 sale. She has also had two other sons in the 2016 and 2021 Netherdale Red Deer sales.

ALT 206-20

206-20 5.80kg @ 2yr

We used 206-20 as a 2yr sire, as we were impressed by his tidy velvet, great tyne placement and mass, and round tops. This velvet is very like his sire, ALT 34-14.

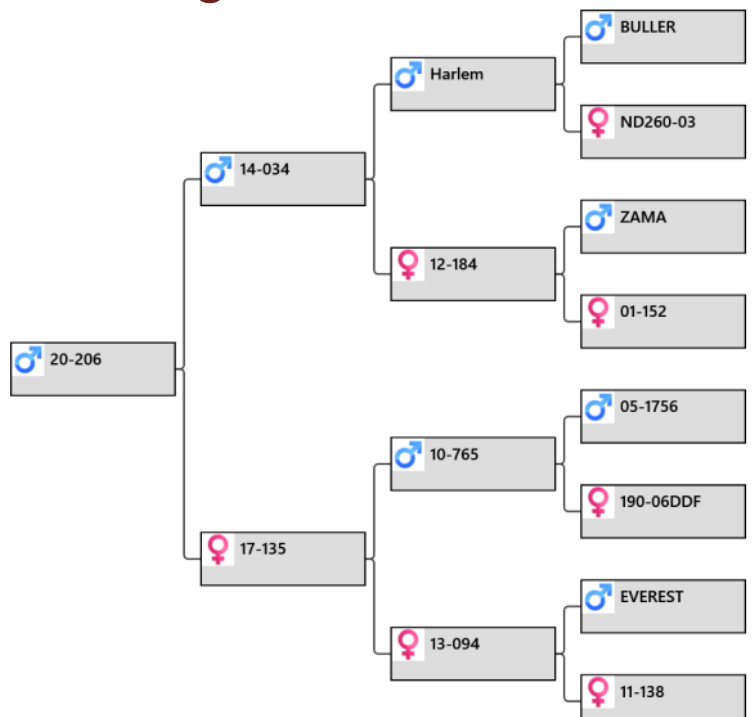

We sold him as our lot 1 in 2024, and felt his velvet weight reflected on a difficult year with feed challenges, then having to adjust to the sire paddock amongst our mixed age sires.

17-17 @ 7.0kg @ 3yrs

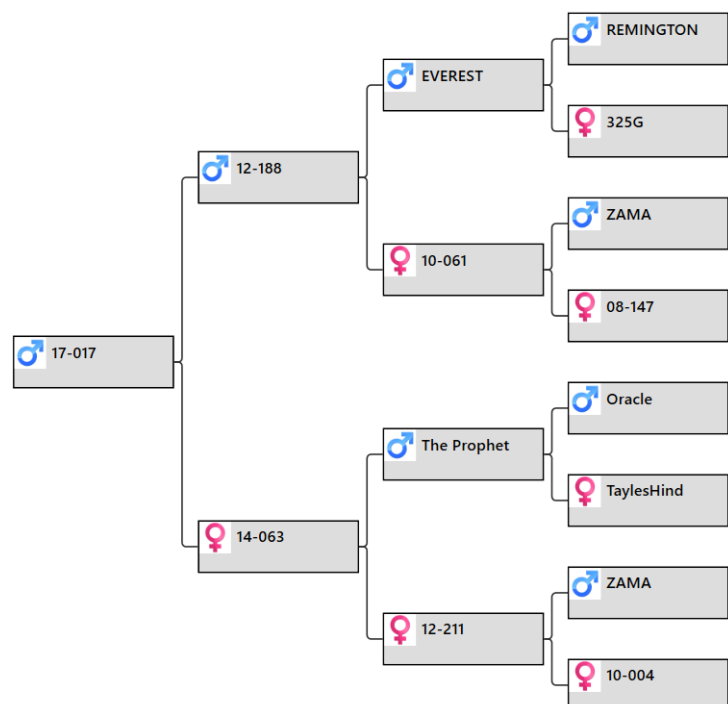

17-17 was sold in Altrive's 2021 sire stag sale, making a very short move down Waipounamu Road to the Tayles family. He had very tidy velvet with a beam of 22 and 21 and above trez 20 and 22. His dam, 63-14 only had this son and a daughter we sold for \$5800 in 2018.

His progeny include a 9.4kg son, and 2yr olds cutting 5.8, 5.2, 5.2, 5.0kg.

17-17 sire 188-12 was a national champion for his 3 and 4 year heads, then third for his 5yr head. We have sold other sons, 166-19 8.75kg @ 3yrs for \$21000 and 186-19 sold for \$25000 in the 2023 sire stag sale. 166-19 went on to win the 5yr nationals for Cam and Wally Nelson.

189-22 is out of our ET program. This breeding is a full sister to Altrive sires Glaisnock and 145-17, and is extremely proven breeding. We are only selling as we have other full sisters, and just not enough room for them all.

82-14 has had 148-17 sold @28,000, 186-17 sold \$13,000 and 162-17 sold \$4,500 all in the 2021 sale, and has had 74-18 lot 2 in 2022 sold \$17,000, and 237-19 sold in 2023. Another of her sons cut 10.85 but wasn't offered for sale, and our sires Glaisnock and 145-17. Pretty phenomenal, only one son to date hasn't made a sire stag sale. We have far more daughters than sons from 82-14 and these breed on well too.

Proven Altrive breeding here, in a young hind. The combination with Matai son, 634-21 is a combination of tidy genetics with good weights in their backgrounds too.

Birth year: 2023

DATE	WEIGHT
1/12/2024	79.5 kg
1/7/2025	92.5kg

Genomnz ID: 3368543

BIOGRAPHY

33-23 sired by Glaisnock, a Joseph son by ET, cut 11.2kg @ 4yrs with 27cm in the beam. We had limited 2yr olds to cut this year, but his sons included a very nice 6.70kg son. His ET brothers in the same year included Altrive sire 145-17, 148-17 7.9kg @ 3yrs, 186-17 8.6 @ 3yrs and 162-17 7.8kg @ 3yrs which were all sold in our 2021 sire stag sale, pretty phenomenal! Glaisnock is a big bodied stag, and a real pleasure to work with.

135-16 has been used as a donor hind in 2021.

121-07 has had sons 131-16 sold for \$32,000, and 23-19 sold for \$22,000. She also is the dam of 105-12 (Southern Man) sold for \$67,000 who was 2nd in the 3yr national velvet competition and cut 12.6kg @ 6yrs. He bred well for Arawata and ourselves.

Brilliant pedigree behind this hind, with two top Altrive dam lines, and in fawn to 17-17- out of another strong dam line sired by 188-12. Plenty to like here.

BIOGRAPHY

44-23 sired by Netherdale 232-19, 8.68kg @ 3yrs, who we purchased in their 2023 sale. His 3yr head had been damaged but his 2yr head showed his clean style well. His bloodlines also go back to the dam of Lot 1 (now called Horse), which sold for \$135,000 in David’s 2022 sale. She has also had two other sons in the 2016 and 2021 Netherdale Red Deer sales.

7-21 has nothing to assess to date, she is by 22-14, 9.5kg @ 3yrs and won the national 3yr competition and people’s choice in 2017. He went on to cut 14.4kg @ 5yrs.

200-15 has a son cutting 8.60kg @ 2yrs.

In fawn to Brock 568-20, so there will be an interesting mix of genetics in this fawn with Wardlaw, Rocky, Grafinakis and Everest/Harlem in the background!

BIOGRAPHY

71-23 by 266-20. We used 266-20 as a 2yr sire in 2023, after he cut a very tidy 5.8kg @ 2yrs. He then damaged his coronet as a 3yr, but went on to cut 5kg on his good side at 4yrs. You can see these on his sire page or our website. His pedigree includes grand dam 121-07 who is the dam of Southern Man. On the top line is 82-14, who is the mother of Joseph, 145-17 and 3 other ET brother sold at auction, two strong bottom lines in this pedigree.

69-18 was used as a donor hind in 2022.

48-14 another donor hind, is the dam of sire stags in our 2021 and 2022 sale, including 109-18, 10.75kg sold for \$51,000.

207-12 is dam of five sires sold at Auction.

BIOGRAPHY

76-23 by Glaisnock. 11.2kg @ 4yrs, with 27cm in the beam. Out of 82-14, this hind has produced phenomenally, including lot 100 (sold at lot 1), lot 21 and lot 23 in 2021 sale, lot 2 in 2022, and lot 15 in 2023. This in addition to our sires, Glaisnock and 145-14. In this dam line, there has now been over 30 sires sold from the grandam 184-12.

53-20 only has a hind before she was sold.

52-16 was dam of lot 11 in our 2022 sale, 7.3kg @ 3yrs.

In fawn to 568BL20, 9.0kg @ 3yrs we purchased in 2024. He has a strong beam and a proven bottom line which has produced sires. This combination with Glaisnock should go well.

78-23 by 206-20. We used 206-20 as a 2yr sire for our 2023 mating after cutting 5.80kg of very tidy velvet. He was then sold as a 3yr old for \$20,000 in 2024. His sire 34-14 also was the sire of lot 2 2023 which sold for \$44,000 and lot 5 for \$26,000. All of his ET sisters have bred sons sold at auction, The maternal grand dam 94-13 is also a full sister to sire 22-14, national 3yr champion and 14.4kg @ 5yrs.

276-19 has only female offspring. She is out of the ET program, her brothers include a 8.90kg and a 7.32kg @3yrs sons both of whom made the catalogue for our 2023 sale.

203-15 has sons 8.90 and 7.30 @ 3yrs which made our 2023 catalogue. Her dam 10-13 is a full sister to our sire 188-12 and son 208-15 was sold for \$30,000.
