Welcome

Welcome to our fifth annual in-fawn hind sale. The sale will be run on BIDR on the 2nd August at 7pm on www.bidr.co.nz.

We were exceptionally proud of the tidy, consistent line of stags we had to offer in our January 2023 stag sale. We aim to breed tidy, industry desirable velvet with rounded bulbs and tynes as a priority in our sire stags. Altrive produced the highest average price in the 2023 sales for velvet bred sire stags at \$15,985, with a top price of \$46,000.

Hinds offered are in tag order, not ranked. They have all been vet scanned in fawn. The auction will have an opening bid of \$700 with NO RESERVES. There are eight 18 month hinds included in this catalogue.

These hinds have very good pedigrees behind them, and because of limited fawning space we simply cannot keep them all. We have no commercial hinds here at Altrive, and even our 90 recipient hinds have strong pedigrees behind them. Many of the hinds we sell are simply because they do not have sons for us to assess.

You can find all the sire information on the sire pages in this catalogue, or check our NEWLY UPDATED website at www.altrivereddeer.co.nz for any sires that are not featured in this catalogue.
